

# Unit 1

## Teachertraining

a) What's a teacher like: Personal accounts about oneself as a teacher

b) Group discussion of personal accounts in the light of a prepared grid:

Grid for analysis of teachers' personal accounts:

- teacher as a learner
- teacher as a researcher
- teaching as reflecting
- teaching as supporting
- teaching as finding out what students think, experience, feel
- teaching as interacting with, and responding to, students
- teaching as working with other teachers in collaborative ways
- teaching as actively participating to the construction of a better life for one's country and all its members

c) Adult learning and teacher development: [Bell & Gilbert's model](#) of social, personal and professional development ( Bell & Gilbert's model of Teacher Development)

d) A three dimensional model of learning:  
Competences – skills – motivation
